- Six mini-sessions on topics students request most: the college social scene, computer log-in and resources, money matters, athletics/recreation, health stuff, and the inside scoop on jobs – on and off campus
- Plus, handy topic guides: Cleaning and Laundry 101, Your First Grocery Order, Roommate Harmony, How to Make Your Money Last Past Halloween, and more
- Campus tours and other important self-directed activities (to help you skip the line-ups in September).

The 2009 Start Right workshop is free and includes workshop materials, snacks, and free parking.

The 2009 For Parents Only workshop is free and includes workshop materials, and free parking.
