RELATED POLICY: NC800 – Appeal of Academic Decisions

A. Definitions

Mark: A mark is awarded for each individual evaluation within the course, with each mark contributing to the final grade.

Final Grade: A final grade is awarded upon completion of the course.

B. Procedure Purpose

Niagara College students have the right to appeal decisions that significantly affect their academic career. The academic appeal process provides steps through which students may appeal College decisions including admissions, course grades and promotion.

C. Procedure Statements

1. The informal student appeal process will be addressed within the appropriate academic division. If resolution at the informal stage cannot be reached, the student may pursue a formal academic appeal.

2. Students should review the section of the Student Handbook and website http://www.niagaracollege.ca/practices/view/student-records/ regarding Student Records, Rights and Responsibilities. College staff will provide support to students exercising their right to appeal, and students are responsible for checking college email and following through on any scheduled appointments or requirements as part of the appeal procedure. Students not responding to/monitoring college email may forfeit the right to continue the appeal process. In addition, students are advised that missing scheduled meetings may also result in the appeal being dismissed.

INFORMAL PROCESS STAGE

3. In an effort to resolve appeals informally, students who question any course grade decision are asked to first discuss the matter directly with the responsible faculty member who shall provide the student with the reasons for the decision.

FORMAL PROCESS STAGE – ADMINISTRATIVE REVIEW

4. If satisfactory resolution cannot be reached at informal stage, the student must complete the first section of the Academic Appeal Form available from Enrolment Services or College website and present the form to the Administrative Assistant, Enrolment Services. The Administrative

Assistant will make record that the formal process has been initiated, and coordinate with the responsible Academic Administrator who will undertake a review of the facts presented. The student must identify on the first section of the appeal form the grounds for the appeal, and desired outcome of the appeal.

5. An appeal must be launched within ten (10) business days from the time the final official grade was entered for the course. Extenuating circumstances will be considered if a late submission is received.

6. Whenever reasonable, the Administrative Assistant, Enrolment Services will schedule a meeting with the student to review the facts. Once the case has been reviewed to their satisfaction, the Academic Administrator will complete the second section of the Academic Appeal Form indicating that either the original decision will stand or what changes are to be made to the student’s record. The Academic Administrator will then communicate the decision to the Office of the Registrar within 5 business days, and send the form to the Office of the Registrar for implementation of the decision. The Office of the Registrar will advise the student, in writing, of the decision.

FORMAL PROCESS STAGE – COMMITTEE REVIEW

7. If the matter is not resolved through the Administrative Review, a student may request a Committee Review by completing Section 3 of the Academic Appeal Form. A request for a Committee Review must be received by the Office of the Registrar within five (5) business days of receipt of the Administrative Review decision.

8. A Counsellor will be available to advise and support the student to complete the appeal form and prepare for a potential committee review. The Administrative Assistant, Enrolment Services, will be available to confirm the status of the appeal and details about the next steps in the process.

9. Student Administrative Council (SAC) is also available as a resource to support the student in this process including accompanying the student at a hearing as set out in item 18 below.

10. The Registrar or designate will review the request for Committee Review and the requested resolution. Upon determining that the matter being appealed will have a significant impact on the student’s academic career, the Registrar or designate will call together an Academic Appeal Committee to review the matter. Please note for all references to Registrar going forward in this document, it should be interpreted as ‘Registrar or designate’.
11. If the Registrar determines that the matter does not have significant impact or does not fit the criteria for an Academic Appeal, then the appeal will be dismissed. The student will be notified of this decision in writing including rationale for where the situation did not meet the criteria to move forward with Committee Review by the Registrar. The Academic Administrator will also be notified by the Registrar.

12. If at any point during the appeal process the student alleges that the basis for the appeal is harassment or discrimination, given the definition of prohibitive behaviours, the student will be advised that the matter should be pursued under the College’s Harassment and Discrimination policy instead. In other cases, the student can choose to proceed with the appeal regarding those issues that are directly related to the academic decision.

13. An Academic Appeal Committee will be struck by the Registrar to hear the appeal. The Committee will be comprised of the Registrar in the role of Committee Chair, and three (3) voting members: one (1) administrator, one (1) faculty member, and one (1) student. The Registrar may appoint a Niagara College employee, SAC official or a Niagara College student in a non-speaking/non-voting observer role on the Committee for the purposes of professional development.

14. Any administrator or faculty can be requested to sit on the Committee, however, they must be drawn from academic schools that are not related to the appeal in question. The student may be appointed by the Student Administrative Council (SAC), or be recommended by other departments working closely with students. If an individual requested to sit on the Committee has any prior involvement with the student or the circumstances of the appeal, that individual must declare a conflict and withdraw. Once appointed, it is expected that all Committee members will remain until a decision on the appeal is rendered.

15. The Registrar will make all reasonable efforts to ensure that the Academic Appeal Committee is called within ten (10) business days of receiving the Request for Committee Review. A decision by the Registrar to delay the hearing due to the lack of availability of one or more constituency representatives shall not be used as grounds to challenge the appeal process.

16. The Registrar will request from the Academic Administrator any written materials that support the decisions made to date, as well as all evidence from the student in support of the appeal. Any potential witness to be called by the student or Academic Administrator must be identified at this time. Any witness must be deemed qualified by the Registrar. This material will be forwarded to the Committee no later than three (3) days prior to the hearing.

18. The student is responsible for presenting their position. However, the student may have one person accompany them to the hearing, but must submit the name and title of the person to the Chair of the Committee or designate at least five (5) days prior to the hearing. The role of the accompanying person is to provide support and/or advice to the student during the hearing. The accompanying person is not to advocate on behalf of the student or present arguments at the hearing.

19. Once the hearing is in session, it is expected that all parties remain until all information has been heard. The decision of the Appeal Committee is final and binding on all parties. The decision is NOT subject to further appeal.

20. Typically, a formal appeal hearing will follow these steps:
   a) The Chair will introduce the members of the Academic Appeal Committee and review the format of the meeting along with any ground rules that are appropriate.
   b) The Academic Appeal Committee will ensure that sufficient time is provided to cover all points that are relevant to the appeal.
   c) The onus is on the student to demonstrate that the decision made was unfair. The student will have an opportunity to state their concerns, speak to any relevant documentation, and clarify the resolution they are seeking.
   d) The Academic Administrator will have the opportunity to review the reasons for their decision and review any relevant documentation previously submitted.
   e) Witnesses may be called to give a verbal statement(s), subject to determination by the Committee that the additional information will be relevant.
   f) The Academic Administrator, student, and committee members in the appeal will have the opportunity to question any person(s) providing statements, through the Chair.
   g) Both parties will be provided with an opportunity to summarize their positions, based on the materials and any statements provided in the hearing, with the student having the final opportunity to speak.
   h) After ensuring that all relevant information has been presented, the hearing will adjourn and the Committee will caucus privately to reach a decision.

21. Appeal Decision: The Committee does not have the competency to carry out an actual evaluation of the student’s work. If the Committee determines that the decision under appeal

The student will be referred to the academic administrator for a plan of completion.

23. The Committee may recommend that the outcome determined, be applied to students in the same situation.
